# EASTINGTON PARISH COUNCIL

The meeting was adjourned at this point for members of the Public to speak.

Mr Davies asked if EPC would complain to PINS and SDC re the handling of the Swallowcroft Appeal. He had complained to SDC and has had a reply which he will send to the EPC.

The following report from District Cllr Stephens was read to the Council:

'With the District Council elections due this month the Council is in 'Purdah' and things are a bit on hold.

However, with regard to our Local Plan EIP I understand that leader/chief executive meetings have been held between Stroud, Cheltenham and Tewksbury on the input of those two authorities in our EIP. I believe that certain conformations have been sent to the inspector from Cheltenham that are helpful but that the same response may not have been forthcoming from Tewksbury. I get the impression that some people in SDC are of the opinion that it seems that within that council there are people who think that if our EIP fails then the Joint Core Strategy would fail also and that those people would not be disappointed if that happened. I understand that the EIP Inspector has also written to both of those authorities asking for more clarification on their input at the EIP. I am told that correspondence and results of meetings held between SDC and the other two authorities has been sent to the Inspectors office. We continue to await the Inspectors interim findings.

With regard to the ongoing boundary review, SDC has decided that it wishes to continue with the existing ward/member arrangements of one, two and three member wards depending on local requirements. To do this we have had to agree to all out elections to the council every four years. My personal preference would have been to maintain the existing arrangements of electing the council in thirds but to do that all wards would have had to be three member wards and to me that would remove a lot of the local aspect of councilor representation in many places.

The report into SDC's sheltered accommodation service is due to be published at the end of the month.

I had a visible reminder of what some people would like our rural parish to look like recently. I was driving home from Hucclecote and drove around the site of the old Gloucester Aircraft works and airfield. This merges into the Coopers Edge development. Many years ago I briefly worked on the former GAC site and I think a comparison with what the larger area was like then and what it is now is an example of what our Parish could look like. The drive home was a bit quiet."

The Council thanked District Cllr Stephens for his report.

There was no report from Cllr Williams.

## **14 Resolutions**

### **14.1 Finance**

- 14.1.1 The Clerk presented the Standing Orders that had been updated with the comments previously received by councillors. The adoption of the updated Standing Orders was proposed by Cllr Evans and seconded by Cllr Allen. Carried.
